

CITY FLOH

Fix or mounted to change frame

- hoisting height up to 25 m / 28 m / 31 m / 33 m
- payload 300 kg
- steadily adjustable turntable arresting device
- PTO auxiliary / alternative: HONDA four-stroke gasoline engine, 13 hp, with sound absorption
- 3 m base extension for work to be executed at low level
- furniture platform with snap locking device, endlessly rotatable and retractable into the building
- fix / mounted to change frame
- carriage with safety mechanism against rope breakage
- hoisting speed appx. 45 m/min.
- can be mounted on different trucks of 3.5 / 4.0 tons
- service hour meter

CITY TRUCK

- hoisting heights 39 m / 44 m
- payload 300 kg / 400 kg
- PTO auxiliary / alternative: air-cooled HONDA four-stroke gasoline engine, 20 hp
- furniture platform with snap locking device, endlessly rotatable and retractable into the building
- carriage with safety mechanism against rope breakage
- can be mounted on different trucks of 7.5 tons

ADDITIONAL EQUIPMENT

proportional steering with remote control and end cut-off for smooth start and stop of the furniture platform, as well as spring cable drum with sliding contacts

Bowden cable - remote control

support wheels at head section, adjustable

LCD function indicator showing m/min. and extension length

spare wheel with holder

storage box (City Floh / City Truck)

aluminium supports for great lateral range of action

hydraulic heavy-duty wheel drive (Easy Big & City Star)

special painting and advertising labelling

Convincing advantages

Easy

Easy handling of the device for adjustment in height of the furniture platform

Comfortable

Four hydraulically retractable supports

Universal

Can already be used for work to be executed on the 1st floor

Furniture Elevators

EASY

... the "little one" providing all functions like a big elevator

- hoisting height up to 18 m
- payload 200 kg
- safe and easy operation
- hoisting speed appx. 30 m/min.
- automatic anti-back winding device
- drive via electric motor, 220 V, or via HONDA gasoline engine with 5.5 hp
- 360° range of action
- chassis with "KTL" treatment (cathodic dipping varnish) as standard and powder coating

Due to its low weight of merely 750 kg, the Easy is suitable for almost all vehicles.

Convincing advantages

Multifunctional

Also suitable for work to be executed at low level

Compact

Extremely low width for passing narrow places
Total width: 1380 mm

Practical

Minimum setting-up space required and 360° range of action.

EASY BIG

... convincing, fully hydraulic furniture elevator

- hoisting height up to 21 m / 25 m / 28 m / 31 m
- payload 300 kg
- as standard: "KTL" treatment (cathodic dipping varnish) and powder coating of chassis with braking axle, overrunning brake, overrunning device with back-up automatics, ball coupling and retractable tie rod
- furniture platform endlessly rotatable and retractable into the building
- air-cooled, 13 hp HONDA four-stroke gasoline engine, with sound absorption
- hoisting speed appx. 50 m/min.
- 360° range of action
- stable base extension

EASY BIG also easily copes with greater heights.

Convincing advantages

Helpful

Tool Box

Low noise level

HONDA gasoline engine, with sound absorption as standard

Reliable

Telescopic supports ensure great lateral range of action

CITY STAR

... fully developed technology

- hoisting height up to 21 m / 25 m / 33 m
- payload 400 kg
- air-cooled, 2-cylinder HONDA engine, 20 hp, enclosed in an easily accessible sound absorbing casing
- furniture platform endlessly rotatable and retractable into the building
- overrunning device adjustable in height
- chassis in reliable C-profile technology (no hollow space)
- drop-type supports in the back for quick assembly
- hydraulic rail locking mechanism

CITY STAR can also be used for work to be executed on the 1st floor.

Convincing advantages

Stable

The furniture platform can even be used for the transport of bulky material.

Reliable

Chassis in reliable C-profile technology (no hollow space) out of fine-grained steel

Helpful

Stable base extension for low loading position
