

# HMF 1320K-RCS

The HMF 1320K-RCS is a reliable and wear-resistant crane for fast and precise handling.

## Main benefits

- Strong and versatile
- Radio remote control system for total freedom
- High manoeuvrability and working speed

## A powerful working tool with excellent lift-to-weight ratio

The HMF 1320K-RCS has a dual Power Plus link arm system, HDL-d speed adaptation and RC-d proportional control valve with radio remote control. It provides a very fast and precise handling.

The crane is available with fixed or variable flow pump. It has up to 5 hydraulic extensions and can optionally be delivered with hydraulically extensible stabilizer beams and swing-up stabilizer legs.

The excellent lift-to-weight ratio, the operational safety and the nice and wear-resistant design make this crane an extremely versatile and powerful working tool.

Additionally, the crane can be equipped with HMF's load-dependent EVS system monitoring and ensuring stability.
