### HMF 610K-RC

The HMF 610K-RC is a multi-functional crane with high lifting and loading capacity suited for a variety of different tasks.

#### **Main benefits**

- Radio remote control system for total freedom
- Wear-resistant
- Minimum space requirements

## A flexible crane with high working speed and lifting capacity

The HMF 610K-RC is is a versatile crane with full speed in the entire working area. The low tare weight of the crane compared with high lifting capacity ensures high loading capacity and efficiency during loading and unloading.

It is equipped with the HMF single Power Plus link arm system which e.g. ensures high working speed when loading and unloading with grab.

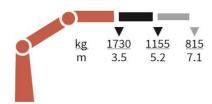

The crane is furthermore fitted with an over-bending of 15° which means that it is capable of lifting the maximum capacity in the maximum over-bending position.
